

Waste Transfer Stations

Minnipa, Warramboo & Yaninee

Skip bins and bays have been installed at each of the Waste Transfer Stations for waste disposal.

Recyclable materials are to be placed in bays/signed areas provided. Items that can be disposed of at the stations are:

E-Waste
(electrical appliances)

Glass Containers

Metal

Wood/Timber

Reusable Items
Eg. Furniture

Green Waste

Disposal of all items should be in accordance with the delivery conditions for the Wudinna Refuse Site.

Bagged domestic refuse and small waste items are to be placed in the skips provided.

**ALL OTHER MATERIALS ARE TO BE TAKEN TO
THE WUDINNA REFUSE SITE**

Waste Oil Collection

Council has a waste oil collection facility for use by the public. All types of containers can be taken there for collection. For more information, please contact the Works Manager, Neil Haines.

Under current EPA legislation, the only items that are required to be recycled are whitegoods. Council encourages recycling in order to reduce the amount of waste entering landfill. It also helps to preserve raw materials that would be otherwise used to manufacture new products.

Council wishes to take this opportunity to thank all rate payers and householders for their co-operation and support in maintaining a safe and healthy environment within the Wudinna District Council by abiding by conditions expressed in this information brochure.

"The Greater Recycle Naturally"

REFUSE SITE OPENING HOURS

WUDINNA	
Sunday	2pm - 5pm
Wednesday	9am - 1pm
Friday	1pm - 5pm

Please note that if out of hours access is required, a \$50 fee will apply.

For further information about Waste Management, please contact the Council office .

WASTE MANAGEMENT INFORMATION

The Wudinna District Council has obtained grant funding from Zero Waste SA for upgrades of the waste transfer stations and to build a recycling shed at the Wudinna Refuse Site. As a result, operational changes have been made at the Waste Transfer Stations and Wudinna Refuse Site. This information brochure aims to educate residents on what can and cannot be recycled or disposed of at these locations.

Wudinna Refuse Site

What items cannot be disposed of at the Wudinna Refuse Site?

Hazardous Medical Waste

Tyres

Poisons/Chemicals

Dangerous Goods

Asbestos

What items are accepted at the Wudinna Refuse Site?

General Waste

Metal

Wood/Timber

Hot Ashes

Glass Containers

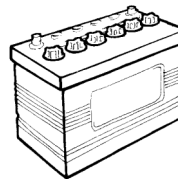

Green Waste

Reusable Items
Eg. Furniture

Paper & Cardboard

Batteries

Domestic Recyclables

E-Waste
(electrical appliances)

Domestic Recycling

All recyclables must be clean and in a council bag. Recycling bags can be obtained from the Council office. Items that can be recycled include plastic containers, aluminum/steel cans and milk/juice containers.

Paper/Cardboard

Council will recycle **domestic** paper/cardboard so long as it is flattened, bundled and tied. All paper/cardboard from **commercial** sources is to be disposed of as general waste, without flattening which occurs within the trench.

Glass

There is a designated area within the recycling shed for glass containers and bottles. No broken glass, flat glass or windscreens are to be placed here.

E-Waste

E-Waste is anything with a power plug. Fridges must be degassed and doors removed before disposing of at the refuse site.

Metals

It is preferred, although not required that all non-metal parts are removed before placing items in the scrap metal pile.

Wood/Timber, Reusable Items, Green Waste, Hot Ashes & Batteries

The items listed above are to be disposed of in the designated areas, as directed by the Waste Management Officer.

All Other Materials

All other items not listed above, are to be disposed of in the trench.
